

GOOD HEALTH & LONG LIFE FROM NATURE TO YOU

100 years ago- Dr. Elie Metchnikoff (Nobel Prize Winner - Medicine, 1908) identified the remarkably good health and long life of Bulgarians as being a result of their consumption of food containing probiotic bacteria which grow only in Bulgaria and which he christened *Lactobacillus bulgaricus*.

Kendy Actiflora & FruitBiotics are the only supplements containing those original strains of *Lac. bulgaricus* (FDA registered).

Actiflora+® pre/probiotic for digestive health, a strong immune system, relief of hay fever symptoms etc.
